THE ASYLUM CITY IS AN AREA IN CANADA FOR THE END TIMES to become the site of THE NEW JERUSALEM in the New Earth after the general cleansing. (Cf. July 6, 2001, Section IX) and the table of contents will give you the highlights of The Third Testament to soon become available in all major languages and dialects, and to be downloaded from the usual website number www.asylcity.com.

In His Divine Mercy, the Eternal Father had granted mankind places of refuge for the coming End Times, but what was to be, had to be changed due to man's malice. So The Asylum City alone among them remains to comprise associate sites if they so wish. Situated in eastern Canada it has a diameter of about 8 miles (13 km.) and has thus a special role for the coming events. Not all has been revealed about The Asylum City. It is still a mystery: it is an EVENT and a place.

Our Lady of Lourdes appeared at a birch tree to *John/Albert*, of The Community of Saint Joseph whose foundation was decreed by The Eternal Father, on February 23, 1989. The tree in question is in the geographical centre of The Asylum City, and Sections V and VI must be read in conjunction with the photos included.
